Practical Solutions to Challenges in Implementing Global Reporting Format (GRF) in the Asia/Pacific Region

REGISTER HERE

CONTENT

Global Reporting System and Format for Assessing and Reporting Runway Surface Conditions (GRF) is a new ICAO methodology for assessing and reporting runway surface conditions, which will become applicable on 4 November 2021. It ensures a harmonized assessment and reporting of runway conditions and correspondingly improved flight crew assessment of take-off and landing performance.

This webinar provides a timely opportunity to all parties involved in the implementation of GRF for runway surface conditions, to seek clarifications on the new methodology and to discuss solutions to the common challenges encountered in their efforts to put GRF in place. Representatives from ICAO and aerodrome operators, aeronautical information service providers, airline pilots, and air traffic control will present their experiences, especially in how they overcame the challenges encountered, and their views on how these should best be overcome. A question period will follow.

FACILITATORS

Mr. Paul Adamson, Technical Officer, Airport Operations and Interoperability, ICAO HQs and Mr. Punya Raj Shakya, Regional Officer, AGA, ICAO APAC Office. The Webinar will feature subject matter expert speakers from ICAO, ACI, IFAIMA, IFALPA, and IFATCA.

ACI AIRPORTS COUNCIL INTERNATIONAL   IFAIMA   IFATCA   IFALPA   ICAO

TOPIC	CONTENT	WHO	TIME (UTC)
Login to Webinar	-	All participants	1000-1015
Introduction (ICAO)	Introduction of webinar program & speakers	Paul Adamson (ICAO)	1015-1020
Introduction to GRF (FTF)	Overview of GRF	Lars Kornstaedt (ICCAIA rep to FTF)	1020-1030
Pilot Perspective (IFALPA)	Pilot perspective on the GRF	Nontawat Tawewatanasarn (A330/350 fleet, IFALPA)	1030-1045
Airport Perspective (ACI)	Incheon Airport's experience in preparing for GRF	Eunjeong Lee (SMS Manager, Incheon Int. Airport Corporation, ROK)	1045-1100
ATC Perspective (IFATCA)	Controller's perspective on GRF implementation	Alistair Hull (Air Traffic Controller, Nav Canada)	1100-1115
AIM Perspective (IFAIMA)	Challenges to implementing New SNOWTAM Format	Erdenebaatar Davaasuren (IFAIMA, CAA Mongolia)	1115-1130
Break	-	-	1130-1200
Q&A Session	-	All (Moderated by Paul Adamson and Punya R. Shakya)	1200-1230

Lars Kornstaedt
