Zagreb, 29 March 2024.

Dear Andreas, dear friends at Austrian,

We were sad to hear you were forced to industrial action by your employer's lack of social aptitude.

Austrian Airlines and its pilots are invaluable part of Lufthansa group with renown quality and admirable safety record. There can be no cost cutting on the safety critical personnel and it is unacceptable if pay increase fails to at least compensate for the increase of costs of living.

Croatian Airline Pilots Association offers its full support to the pilots of Austrian Airlines as you strive to reach a fair labour agreement.

In Unity,

Capt. Vlado Bošnjak
