Dear Andreas Strobl,

As President of the International Federation of Air Line Pilots' Associations (IFALPA) I wish to acknowledge that we received your request for mutual assistance. Pilots in Austrian Airlines have the support and backing of more than 140,000 professional pilots in nearly 75 countries around the globe.

We understand that strike action will commence tomorrow and will be conducted jointly with cabin crew under the direction of VIDA. IFALPA stands in unity with all those participating in the coming action. IFALPA will ensure all our Member Associations are aware of the situation and the unfair treatment of the pilots and flight attendants by Austrian Airlines management and the Lufthansa Group of airlines.

Pilots and cabin crew are experienced and long-term stakeholders in any airline and play an important safety critical role in its daily operations. We wish the members of VIDA and the Austrian Cockpit Association every success in their efforts to secure a fair and reasonable reward.
